## Help us shine on for everyone

**In 2021, over a series of brisk winter evenings, Te Ramaroa magically transformed Nelson Whakatū into a light-filled wonderland.**

**In July 2023, we're doing it all again.**

**Te Ramaroa is a unique experience with community at its core.**

**In its short history, it has grown exponentially to make it one of Nelson's most anticipated events in the city calendar.**

**Te Ramaroa is a free event, and it is the support of our Luminaries who keep it this way.**

In July 2021 Te Ramaroa expanded from Queens Gardens, to the city's laneways, urban spaces, Piki Mai (Church Hill) and Church Steps. More than 50,000 people came to see an exhilarating array of light installations, projections, activations, wandering entertainers, music, illuminated bicycles, a dancer in an aerial wheelchair, and a surprisingly musical pig.

It takes many people, a lot of resources and thousands of hours to produce this very special event, and we cannot do it without financial support.

As a free event, Te Ramaroa relies on income from a variety of sources. We receive core funding from local government and foundations, and work closely with some very generous Nelson businesses who donate a range of services, materials, and cash. But, unique to Nelson, our most reliable income stream is from our whānau of light-enablers, our Luminaries.

We're inviting you to become a Luminary for the 2023 event by donating to Te Ramaroa Trust. Your donation can be in monthly instalments (we ask for a two year or on-going commitment with the option of either \$25, \$50, or \$100 per month), or a one-off donation of \$500 or more. We greatly need and appreciate your support.

Benefits for Luminaries who donate \$500 or more include:

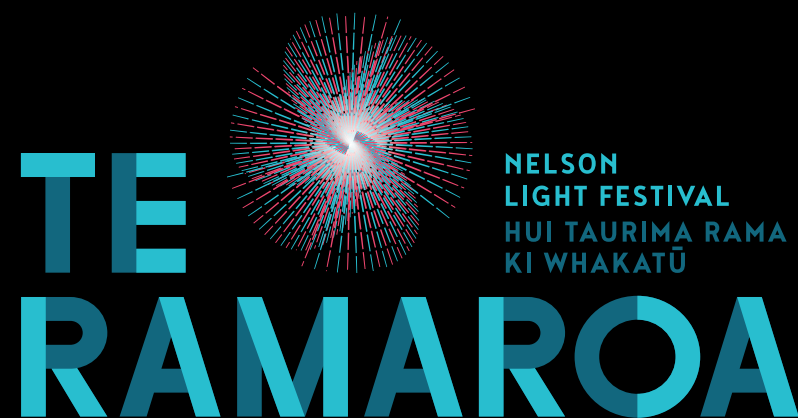

- An invitation to our exclusive Te Ramaroa opening event
- A special pass for up to two people for the Luminary Lounge
- Special interest evenings and presentations from artists
- A mention in full credit listings on our website (if desired)
